DANIEL MORENO

SDET

PROFILE

I'm a development and automation enthusiast with a knack for experimentation and emerging technologies.

WORKING METHOD

- Meetings over emails.
- Work structure planning is essential (Documentation, naming conventions, etc.).
- Client-Provider communication and backlog planning must be constant.
- Team interactions are of utmost importance.
- Heavily inclined towards Agile work values.

EDUCATION

FullStack Coding Bootcamp ITESM - 2021

Fullstack coding bootcamp with MERN

Softtek SDET Academy - 2018

SDET and Automation 6 month training.
